2. WORK PLANS AND BUDGET

Lorri Gray requested consensus for the final Implementation Report, FY 2008 Work Plan and Budget, FY2006 Accomplishment Report. She stated that the draft report was presented on April 25, and on May 16, a technical work group met and made some changes to the book prior to the final report. Changes included the addition of C26, a revision to the estimated dollar amount of E14, and the postponement of projects from FY07 into FY08.

Chuck Cullom asked what the FY09 dollar increase was due to. Lorri Gray stated that the H1 Habitat Maintenance account had been changed to maintain a consistent format for plans (inflation forecasts were removed) as well as D10 Monitoring for Mammals had been canceled for FY09 and FY10.

Lorri Gray will send a summary to Chuck Cullom explaining the FY09 dollar increase/decrease.

Larry Purcell moved, with the addition to the motion of CDFG being included in the consistency review, that the LCR MSCP Steering Committee approve, by consensus, the Final Implementation Report, Fiscal Year 2008 Work Plan and Budget, Fiscal Year 2006 Accomplishment Report for \$14,947,500, and encourage the LCR MSCP Program Manager to submit the approved Final Implementation Report to the U.S. Fish and Wildlife Service and CDFG for consistency review.
